

Summer Employment Opportunity

Science Instructors Needed!

- Community Camps Inc. is looking for dynamic science instructors to run week long (3 hours per day) summer CSI camps that teach forensic techniques in a fun and exciting way.
- Each CSI camp session is designed for 15 middle school age “campers” that will explore the scientific techniques of forensic science.
- Community Camps Inc. will provide you with a quality curriculum, supplies & equipment, and training to prepare you for an exciting week of hands on science activities.
- Competitive pay, an enjoyable working experience, and summer memories await.
- Check us out and fill out an employment questionnaire at:
